

Hotel „Silver Lake“

Silver Lake is one of the most famous excursion areas in Serbia. The lake is actually a branch of the Danube River, which was in 1971st converted with embankment in the upper stream, so the coastal Rama rit was protected from the groundwater. The lake is located in the municipality of Veliko Gradište (2.5 km away from the town) and has a very good tourist location because it is on the intersection of important roads and close to the economically developed cities (120km distance from Belgrade, 34km from Požarevac and 60km from Smederevo).

Hotel "Silver Lake" is one of the most famous and oldest accommodation facilities on Srebrno jezero. It was completely renovated at the beginning of 2021 and today it is one of the most elegant buildings located in the best place, right on the promenade and 10m from the lake. Within the facility there is a restaurant with local cuisine with a beautiful and large terrace. Each room has its own parking space.
